inorlo®
experience design around you

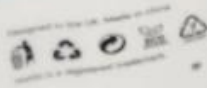

eco package

We want to contribute to a cleaner planet so we
use biodegradable plastic in our packaging.
Helping us get one step closer to a better earth.

your feedback matters

Our core philosophy is to create great product
experiences through our unique design.
Your feedback and input is essential to
our product development and research process.

We greatly value & desire to see you do your best
to help improve your inorlo experience.

Designed in the UK. Made in China

inorlo is a registered trademark
